FOR GEBERIT FLOWFIT

German Quality Product

REMS pressing tongs / pressing tongs Mini GFF for Geberit FlowFit

- Highly durable pressing tongs made of tenacious, specially hardened special steel.
- The pressing contour is system-specific and matched to the Geberit FlowFit pressfitting system for perfectly system-compliant, safe pressing.
- Colour coding for quick and easy selection of the right pressing tongs for the corresponding pressfitting.

REMS pressing tongs Mini GFFb 16 – 40

- For Ø 16 – 40 mm.
- Recesses in the pressing jaws for safe guidance of the connecting plate for offset-free pressing (**Patent EP 2 347 862**).
- Can be driven by all REMS radial presses 22 kN. Read and observe the instructions for use and assembly instructions of the system provider/manufacturer.

REMS pressing tongs Mini GFFb 16 – 40
